TELEGRAPHIC

MONETARY AND STOCKS.

New York, 6 — Among the prepaid specials which Chairman Barnum sent to the press all over the country prior to the elsciion, was one cisiming that they had absolute proof that Morey received from Garfield the Chinese letter. The fact is now noted that no such proof has been strown to the proof that the proof that the letter came to these? tempted, and that Hart testified that the letter came to himself anonymously through the mail. The evidence accumulate that the letter was never mailed from Washington nor received at Lynn Although the election is over, the case has interest as showing the depths of villiany to which some political managers will stoop in the hope of fooling and cheating the people.

Providence, 6.—The steamer Rhode Island, of the Providence Island, went ashore on Bennett Paint, near Beaver Tail. Narregan ett Bay, this morning. No passengers were lost, hit several of the crew were hurt in the cenfusion and wreckage. At daylight the passengers and grow were safely landed. The steamer is considerably broken up, and there will probably be considerable damage and loss of f eight.

A steamer has been ordered to save the freight of the steamer Rhode Island, which is being hroken up by the heavy sea. She is of the same line as the Steamerton.

This t ip was the last which the Rhode Latend would have made for the reacen. The steemer was valued at \$500,000. How much she is damaged it is imposite state at present. There were 750 tons of misce Is seous freight on board, a portion of which was wesseled out. Tugs were promptly sent over from Nowport to assist in saving the wreckage. The list of names of the passengers was taken as they left the boat and the number was ascertained to be 170. Captsin Waters, of the Newport Wrecking Company, asys the Rhode Island is a total loss.
